BIOGRAFIA

Hailing from Porto, XPRESS, also known as Dom António, has been igniting dance floors since his teenage years.

His passion for music began early, and by the age of 13 started organizing his first garage parties.

By the early '90s XPRESS was making a name for himself in Porto's vibrant nightlife, influenced by the rich sounds of the '80s electronic scene.

His unique style and energy quickly earned him spots in some of the city's top clubs. Also becoming one of the pioneers of after-hours events in Porto, held residencies at iconic venues like Invicta Club and Cenário Bar.

In 1995, XPRESS joined forces with Jack Malipan to create ONB Productions—one of Portugal's very first DJ agencies—which later evolved into the renowned MASTERPLAN AGENCY.

Also known under the aliases Eclipse and Tony S, XPRESS began touring Portugal then Europe in 1996. Lighting up legendary clubs such as Locomia, Pacha, Kiss, Scotch, Zip Club, Estação da Luz, Groove Club, progressed to international spots like Traibeca (Spain) and PinPing Club (Switzerland).

Sharing the stage with both national and international heavyweights, XPRESS has continuously pushed boundaries and reinvented his sound.

Today his DJ sets are a dynamic journey—blending vintage gems from the '70s and '80s with cutting-edge House, Deep House, Minimal, and Tech-House releases.

Recently, under his Dom António moniker, he has headlined standout events like Gondomar's White Night and local festivals, always leaving crowds yearning for more.

Now, XPRESS is back in full force with Jack Malipan in the globally acclaimed No Problem Disco project—a party experience that has already reached over 18 countries.

XPRESS isn't just a DJ—he's a musical storyteller, bringing decades of passion, innovation, and pure groove to every stage he steps on
